

Who ARE These Guys?

The Jetsels?

We frequently get asked to tell our story. If you want to know **WHO** we are and **HOW** we got to where we are today...

Here's Your Answer.

This easy to follow story will help you understand a little bit about our struggle and how we turned the “stress and strain” that’s SO common in Autism homes in to **OVERWHELMING JOY.**

Oh, and **YOU** can **DO IT TOO.**

This is our story...

You've found us. We're the Jetsels.

We're a family of 8, with two sons on the autism spectrum. We like to think of ourselves as a "Perfectly Dysfunctional & Madly in Love" family.

But it wasn't always that way.

For years, we struggled with the chaos of raising our sons on the spectrum – it very nearly ripped our family apart.

There was a time, when, as a family... well, we were in serious turmoil.

The stress and strain was turning our home in to what seemed like a combat zone.

Then we made a change that resulted in a **WHOLE NEW LIFE**. The life we had given up on; the life that seemed out of our reach. It was **NOTHING** like **ANYTHING** anyone had **EVER** seen before. Our **NEW** discovery was glorious.

Raising kids on the autism spectrum can be hard.

It's now our FAMILY MISSION, to help YOUR family get A WHOLE NEW, BETTER LIFE; the life you deserve; to THRIVE as you raise YOUR kids on the Autism spectrum.

It's why we're here.

WHO ARE WE?

We are Kyle (Dad), Shelly (the shy, Mom) Alek and Zak (the 2 oldest "typical" sons), Erik and Ricky (our 2 sons on the Autism spectrum), and Jack and Chloe (the youngest "typical" twins.)

As we started to THRIVE IN CHAOS, we were able to develop and become skilled at applying our BRAND NEW DISCOVERIES.

And as we applied the core principles our BRAND NEW DISCOVERIES were based on, we started to experience hidden rewards... and a different and more powerful kind of family love and happiness became obvious.

As time went on we not only embraced the chaos but became incredibly grateful for it all.

It is now OUR MISSION to share with you our secrets and give YOU a WHOLE NEW LIFE; the life you want and deserve; the life you imagined. We want to help you "Thrive In Chaos."

GET OFF THE AUTISM ROLLER-COASTER

Very few will tell you this, but that BAD meltdown is going to happen again. THAT meltdown! The one that makes you think, "I don't think I can do this anymore."

Yeah, THAT one.

If you find yourself thinking about, or dreading, or trying to “stave it off” – or maybe you think or hope or PRAY that it won’t happen, I hate to be the bearer of bad news, but you’re probably mistaken.

YOU are ON the Autism Roller-Coaster and should expect this to continue.

But you CAN get off the Autism Roller-Coaster and change your life — but only if your REALLY committed. Like we were:

[CLICK HERE](#) to see how committed we are.

We’re looking for families that are ready to change their lives and THRIVE immediately.

WHAT IT REALLY MEANS TO THRIVE

What will you get if you start to THRIVE?

I mean, besides:

A whole new life... that includes...

- No longer fearing the next meltdown
- More happiness and joy than you can imagine
- Creating a home where ALL your kids WANT to be – cause it’s fun
- No more walking on eggshells
- The freedom to go places as a family – without fear
- Taking vacations – together – and having fun

You get kids on the autism spectrum that are happy, and FREE to be themselves.

[CLICK HERE](#) to see what I mean.

AND, you get “typical” kids that are well adjusted and helpful.

[CLICK HERE](#) to see my typical son.

Heck, one of your typical sons may even write a book about THRIVING in a home with 2 brothers on the Autism spectrum.

[CLICK HERE](#) to get a copy of our typical son, Alek's, eBook (He's our oldest "typical" son and he wrote this when he was 17) click here"

They might even use what they learned to make their lives more enjoyable when times get tough OUTSIDE the home.

[CLICK HERE](#) to read how he used a principle we'd developed at college.

You might even find yourself in a top 1% of happy relationships. This – until now, unheard of – information is THAT powerful.

[CLICK HERE](#) to see what I mean.

Can you imagine?

We were even asked if we were Newlyweds... after being married for 25 years.

[CLICK HERE](#) to hear that story.

We couldn't make this stuff up and you won't find it anywhere else. Because we're the only ones that KNOW it.

Here's the bottom line. There are SO MANY benefits you can look forward to that you didn't even imagine. Join us and get YOUR LIFE BACK... a NEW "better than ever" life.

We're looking for families that are ready to GET what WE HAVE.

IT'S HARD... BUT YOU CAN DO IT, TOO.

There was a time when... we didn't know what to do.

There were no books, no guides, no programs that could teach us HOW to THRIVE as we raised our kids on the Autism spectrum.

Our world was "different" than the typical family. We had some CRAZY (non-typical) stuff to contend with. Not just the occasional "bad behavior."

No one had any answers to how to lower the tension and GET BACK what we'd dreamed of when we got married.

THAT information didn't exist.

Sure the therapist could tell us what we SHOULD do, but none of them could tell us HOW.

And NONE of them HAD KIDS on the AUTISM SPECTRUM like us. It was all THEORY – THEORY that may or may not work.

We needed something entirely different and completely NEW.

So we decided to just start working hard.

[CLICK HERE](#) to see what we started doing.

It didn't take long before we started to stop seeing the Autism Roller-Coaster's, LOW, LOW'S that used to be a regular occurrence and started to restore a bit of normalcy.

We found ourselves creating a whole new (wonderful) life.

And our kids on the spectrum (and all of us) benefited greatly. But especially our kids on the spectrum.

What we learned later was devastating.

[WATCH THIS](#) to see what a few adults on the spectrum shared with me that was SO hurtful and devastating.

Thank goodness we didn't have to put our kids through THAT.

And you don't either if you'll start to THRIVE with us.

You can get a DO-OVER and finally get what you dreamed your family would look like.

If you're ready for a DO-OVER, we're looking for families that are ready to THRIVE immediately.

THREE PILLARS OF SUCCESS

If you don't understand this... you'll definitely never really start to THRIVE as a family.

You'll NEVER get the GREAT LIFE you long for and deserve.

It's what we discovered as we created our curriculum. And once you REALLY understand it, everything else falls in to place.

What are... the 3 pillars? Watch this video.

[CLICK HERE](#) to learn about the 3 pillars.

This isn't like anything else you've ever heard. It wasn't like anything WE'D ever heard.

That's because it's BRAND NEW – for everyone.

But it's VITAL if you really want to THRIVE as a family.

Even when times get tough... ESPECIALLY when times get tough, knowing how your situation fits in to one of the 3 pillars makes it SO much easier to THRIVE.

And it's the CORE of what you'll learn when you join us.

Are you ready to get a NEW LIFE? We hope so.

We're looking for families that are ready to THRIVE immediately.

WHY YOU'RE CHICKEN

Here's the question you're probably wondering.

Will this work for me and my family? Our situation is different so I need to know if it will work in OUR unique situation.

Here's an unqualified answer.

THRIVE IN CHAOS **WON'T** work for you if:

- You want to FIX your child on the spectrum...
- You can't imagine, or you DON'T WANT to imagine a NEW, BETTER life...
- You're already handling things – every time – in the very best way possible (You're already THRIVING and don't need this.)
- You simply want to learn techniques. This is principle based information that will require more depth of understanding and work to put in to practice
- You won't commit the time to implement what you'll learn
- You think you already know everything

THRIVE IN CHAOS **WILL** work for you if:

- You're already working hard and just want to get better results from your efforts
- You're committed to your family's happiness but don't know WHAT to do immediately

- You feel kinda stuck and want to END the pain of the “low’s” of the Autism Roller-Coaster
- You’re committed to learning to challenge yourself and take the time to learn to do things right, then taking the RIGHT action
- You understand the VALUE of a long-term commitment to overwhelming joy and happiness

But you don’t have to take our word for it.

You can watch videos for days by [CLICKING HERE](#). There are more than 400 FREE videos (more than 30 hours.)

Over 30,000 blog followers CAN’T be wrong on www.1in110.com.

You can get a copy of our book by [CLICKING HERE](#). It’s called “Thrive In Chaos and it’s on Amazon right now.

We have become the GO-TO family for those that are ready to STOP simply coping and start to THRIVE immediately... for those that want to change their lives.

What if you could leverage our family’s experience?

We can teach you the IN’S and the OUT’S. We can show you what worked and what didn’t. We’ve documented, learned and LIVE what we share.

We blog, we VLOG. We speak at Autism Conferences.

We’ll even let you see the “Critiques” of what we do in the seminars.

[CLICK HERE](#) to see a few.

Not to brag, but on a scale of 1 to 5, 5 being the best, we got ALMOST ALL 5’s.

How’d that happen?

Parents, just like you, KNOW great, easy to follow information when they see it.

You see, trying everything you can think of (just because it SOUNDS good) doesn't work.

You've got to spend sacred time on the right things in the right way at the right time

YOU HAVE TO KNOW WHAT ACTIONS TO TAKE AND WHEN.

And we're not just talking about getting ONE-TIME RESULTS. We're talking about LONG-LASTING RESULTS BASED ON PRINCIPLE BASED TECHNIQUES.

Practice makes perfect.

Nonsense. Practice makes permanent.

Too many people are practicing tactics that are "just plain wrong" and making them permanent.

Bad idea.

We'll make sure you know and understand how to apply (the Pillars to THRIVE) in everything you do.

THEN... your actions (and practice) will FIT in to the "PRINCIPLES" that have been proven to work... over and over... and over.

We're (almost begging) families that are ready to THRIVE to contact us immediately.

-- The Jetsels

OUR MISSION

To see as many Autism families as possible... THRIVE.

We are the Jetsels and we are part of a growing movement of parents with kids on the Autism spectrum that you've probably never even heard of before.

We don't have degrees, we don't work off theory and conjecture.

BUT, we have something the doctor's, therapists and psychologists DON'T have.

We have a very deep understanding of what we are facing, we have real-life experience and we have the most important thing of all...

WE HAVE A LOVE for our kids that can't be duplicated.

Because we are fighting against a slow moving society and a health industry that is even SLOWER to understand the needs of our Autism community, we have to do things differently... we have to be smarter.

We don't have the time to theorize. The tactics and approach we take HAS to work because it's OUR KIDS and OUR FAMILIES that will suffer if it doesn't.

We have to know WHAT actions to take and WHEN so we can THRIVE immediately.

So how do we do that? How is it even possible?

If you ask the doctors and therapists and teachers, they'll tell you what we're doing can't be done. It's impossible. But it's already happening – RIGHT NOW – through what we call, Thrive In Chaos.”

But it's not like anything you've ever seen before. It's a WHOLE NEW WAY of thinking... and doing.

We're using the "Thrive In Chaos" program to give Autism families a WHOLE NEW... BETTER life.

The life you dreamed of; the life you deserve; the life your family deserves; the life YOUR CHILDREN ON THE SPECTRUM deserve.

[CLICK HERE](#) to see how.

We are "THRIVE IN CHAOS" and THIS is what we do.
